PANORAMIC FRIEZES

THE quenching of ambition marks the end of progress. We have been incited to higher endeavor because our early efforts met with instant favor. We are proud of this catalogue. It represents the very highest attainment of "Art Wall Decorations." It makes possible "Art" in the home. In presenting to you this catalogue it is our earnest wish that you will profit by it as it represents enormous initial cost and much thought expressed in time and labor. We feel amply recompensed by the favor with which our productions have been received, and we thank you for this appreciation. The Friezes and decorations illustrated on the following pages afford the decorator a material which is carried in stock at all time, complete as to design and coloring, thereby enabling him to submit to the customer the finished decoration without the anxiety and doubt as to the final result, and yet retaining all the qualities of handwork or Mural painting. These Friezes are printed in sections, five feet in length and varying in width from twenty to sixty inches. Six sections or thirty feet to every roll, the repetition of design varying from five to thirty feet. These sections are interchangeable, which fact allows of considerable latitude in adapting them to any requirements, and if proper judgment is used in placing the more pictorial sections in the most effective positions, and the extension sections where the architecture cuts into the picture line, the result is equal to that obtained in a design especially executed for the room. However, the decorator must be governed by the individual requirements, each calling for special treatment in its solution.

All our productions are sanitary and may be cleaned with a damp cloth or sponge. The colors positively will not stain or fade.

THE SCHMITZ-HORNING CO., 777 EAST 82d ST., CLEVELAND, OHIO

And they asked me how I did it, and
I gave 'em the Scripture text,
"You keep your light so shining a
Little in front 'o the next!"
They copied all they could follow,
But they couldn't copy my mind,
And I left 'em sweating and stealing
A year and a half behind.
